## TIMES' PATH-FINDING TOUR

Tampa's Enterprising Evening Paper Will Send Auto to Select Route to Jacksonville and Return

(Tampa Times, Oct. 6.)

The Times' pathfinding car will leave the Times office tomorrow morning, having on board Capt. C. S. Washington, the official representative of the Tampa Auto Club; T. N. Henderson of the Tampa Harness & Wagon company; B. Marion Reed, secretary of the auto club, and a representative of the Times on its initial pathfinding tour from Tampa to Jacksonville. This is the car that will definitely mark out the route to be used between this city and North Florida by the large number of motorists who will be on the road on November 4. The car will start from the Times office at 10:30 o'clock.

Several routes between this city and Jacksonville will be tried out and the very best route selected. This car will perform the most important mission for good roads that has been undertaken in Florida and thousands will await the report of Captain Washington, the official representative of the Tampa Auto Club, with interest. Upon this decision will rest the fate of many small towns, as it means that hundreds of automobiles and tourists will make their way to Tampa over the official route. It means more than this. After the official route is designated there is no doubt but what the county commissioners of the various counties through which the road passes will begin to improve this special highway and that finally a road over which the automobile may make its way between this city and Jacksonville on a schedule equal to that of the railroad train will be the result.

### Return Through Ocala

On leaving the city the car will proceed to Plant City, then to Lakeland, Bartow, Winter Haven, Kissimmee, Orlando, Sanford, DeLand, Daytona, St. Augustine and on to Jacksonville. The return trip from Jacksonville will be made via Gainesville, Ocala, Leesburg, Dade City, Grover, Plant City to Tampa. These routes have been selected for the initial round trip, but are, however, subject to change, as a great deal of testimony will be obtained along the route as to the condition and the best and most practicable road from town to town.

### A FINANCIAL GIBRALTAR

The Central National Bank, Which President Taft and Speaker Cannon are Trying to Have Established

Washington, D. C., Oct. 6.—The coming Congress must meet a situation born of the panic of 1907, when the issue of clearing house certificates was necessary to supply sufficient currency, although America's coffers were overflowing with gold. Foremost among the various projects that have been advanced as a proper solution of the government's problem stands the proposed central national bank.

As it is the Cannon belief that it will form the basis of the curative legislation to be recommended by the monetary commission and by President Taft who in his recent Boston speech, signified his own favorable disposition towards the project, it is timely to disclose to the public what is believed to be in the minds of the president and the eighteen members of the monetary commission when they refer to the actual cost.

"A bank of the people and for the people" is the definition of this institution made by George H. Reynolds, president of the American Bankers Association, in his Chicago speech. He pointed out that the people were to be the stockholders, for any one would be privileged to buy the bank stock just as he might a government bond.

A small interest on such an investment would be guaranteed by the government; and earnings more than sufficient to pay the guaranteed interest would be shared by the government and the stockholders.

Political control of the great bank would be made extremely difficult by the life appointment of the officers. Integrity of operation would be assured by a board of supervisors, appointed by the president, the secretary of the treasurer and the controller of the currency, subject to the approval of the senate for alternate terms of at least eight years to bridge over political mutations.

It is not intended that the central bank should support the credit of the nation. If the national government needs funds, it must continue to borrow money from the sale of bonds.

The single purpose of the bank would be to safeguard the business interests of the people in their private relations. If there were need for more money for business purposes, the bank would supply it by notes and if there were a plethora in dollars, these notes would be withdrawn rapidly.

Governmental assistance to the institution would be limited to the deposit with the central bank of government funds now in national banks. There would be no interference with the most profitable feature of the banking business for the central institution would not receive deposits from individuals.

The question as to how the business man is to benefit by a central bank is sought to be answered by the statement that the project would include a provision for the acceptance of good commercial paper as a basis for the issue of money, such paper would represent actual transactions between solvent concerns, all short time credits, and such to be redeemed whenever the transaction, the sale and delivery was concluded.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the child is expelled from the system. Refuse any but the genuine in the yellow package. Sold by all druggists.

## DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, Ohio. Sold by druggists, 73, Take Hall's Family Pills for constipation.

## DISCOURAGED BY DISEASE

W. W. Coleman of St. Petersburg Shot Himself in the Head

St. Petersburg, Oct. 7.—W. W. Coleman, for many years a resident of this city, and an official of the water plant, committed suicide yesterday by shooting himself in the head.

Although not bed-ridden, Mr. Coleman had been a sufferer for some time from kidney disease, and it is supposed that despondency caused by his knowledge of his bad health caused him to take his life. He was about sixty-five years old and had been married for forty years. He leaves, besides a widow, three children—Mrs. Berry of Ocala, Harry Coleman and W. C. Coleman of this city. He was a good citizen and closely identified with the affairs of the city. He built the Paxton hotel some years ago.

## CRYING FOR HELP

Lots of It in Ocala, But Daily Growing Less

The kidneys cry for help. Not an organ in the whole body so delicately constructed.

Not one so important to health. The kidneys are the filters of the blood. When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood. Backache is one of the first indications of kidney trouble.

It is the kidneys' cry for help. Heed it. Doan's Kidney Pills are what is wanted.

Are just what overworked kidneys need. They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

P. Y. Smith, living at 1206 Alachua Ave., Gainesville, Fla., says: "My wife was troubled for some time with severe headache. She also complained of a dull pain in her back, and was nervous and weak. I thought that her kidneys were the cause of her trouble, and procured a box of Doan's Kidney Pills for her. She received such great benefit from the use of the first box of this remedy that I obtained another supply. When this was used the pains ceased, and she is now no longer troubled with headaches. It required but two boxes of Doan's Kidney Pills to entirely cure her."

Plenty more proof like this from Ocala people. Call at Tydings & Co.'s drug store and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## AMERICA AGAIN AHEAD

Edward Mix of Ohio Won the Gordon Bennett Cup in the International Balloon Race

Zurich, Oct. 7.—The international balloon race for the Gordon Bennett cup was won by Edward W. Mix, the American aeronaut, of Columbus, O., who will take the cup back to the United States.

Mix landed north of Warsaw, in Russian Poland, at 3 o'clock Tuesday morning. He won with plenty of time to spare, from Alfred Leblanc, French pilot, who won the championship in the St. Louis race of 1907, and who came down at Kula, Hungary, Monday.

## CONDUCTOR WASN'T CAREFUL

Made a Mistake Looking at his Watch that Cost at Least One Life and Possibly Five

Springfield, Ill., Oct. 7.—One passenger was killed outright and thirty-five persons were injured, four probably fatally, in a collision last night between a special taking home several hundred excursionists who had been attending the state fair in this city and a regular passenger train on the Illinois Central, at Parnell, three miles south of Farm City.

The wreck occurred on a sharp curve while the two trains were running at a high rate of speed.

Four of the coaches of the special were smashed. It was 11 o'clock before the first word of the accident reached Farm City, when Conductor Duncan of the special, himself seriously injured, limped into town. Duncan says his own watch was being repaired and he was using another watch. The dial of this watch was not in the same position as on his own, and when he looked at it he thought he had fourteen minutes in which to run into Farm City, whereas he had but one minute.
